THINKPAD® QUALITY TYPING EXPERIENCE

New Category of Tablet Computing

The ThinkPad Tablet 2 is the culmination of an incredible partnership between Lenovo®, Intel® and Microsoft®. The ThinkPad Tablet 2 has a thin, light design with long-battery and always-on connectivity as expected of a Tablet. With the Tablet being less than 10 millimeter in thickness and 565 grams total weight, it takes mobility and efficiency to a new level.

Share your documents, contacts and pictures easily and quickly by connecting instantaneously to other devices using Near Field Communication (NFC). Communicate anywhere, any time with video and audio using the WWAN support with flexible Lenovo Mobile Access¹. Stay in touch and be active on social and professional networks with the always-on experience, like your Smartphone.

The ThinkPad Tablet 2 is also compatible with your existing office and enterprise environments as expected of a PC. Illustrate your ideas, annotate documents or take notes with the support for enterprise applications. Feel impressive with the optional Digitizer and Pen that allows freedom to express, inspire creativity and improve productivity on the go.

The ThinkPad Tablet 2 is more than just a Tablet — It is defining a new category of its own.

MOBILITY

- Thin and lightweight with less than 10 millimeter in thickness and 565 grams.
- 10.1 inch IPS display and long-lasting hours with 10 hours of battery life.

SUPPORT FOR WINDOWS® 8-STYLE APPS AND DESKTOP APPLICATIONS

- Windows® 8 style apps: Visually rich, single purpose, bite-size cloud connected and touch-enabled apps. These apps include Games, News, Weather, Entertainment, Camera and Sensors.
- Desktop Applications: Complex, multi-function, processor or time-intense apps. These include personal finance (such as Quicken, QuickBooks and TurboTax), creativity focused (such as Adobe Creative Suite) and Flash supported (such as educational content and games).

EXPANSIVE USE OF USB ACCESSORIES

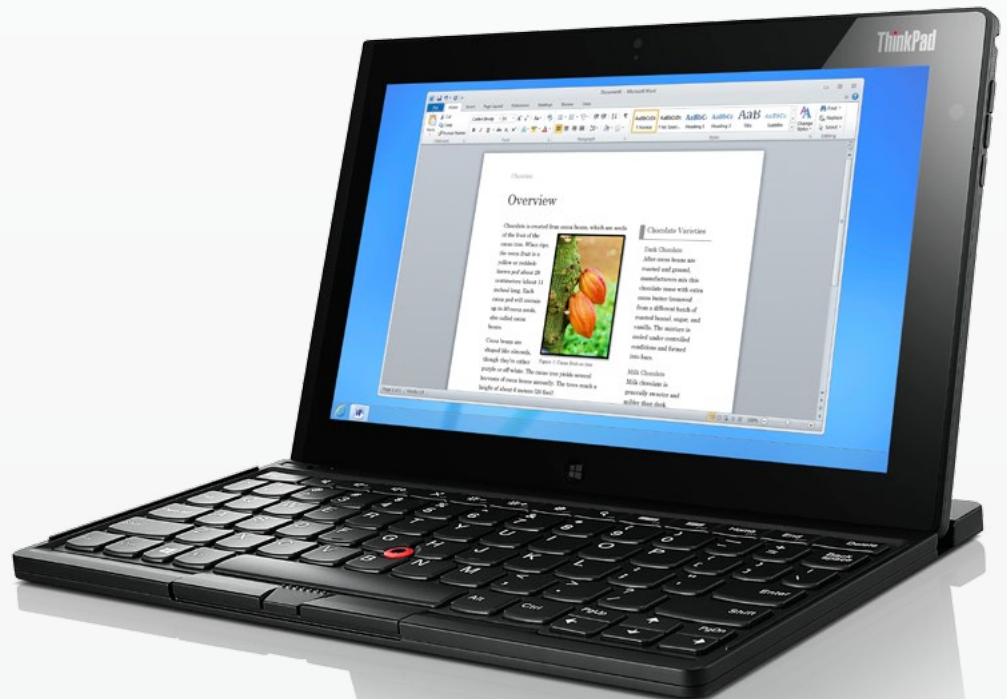

- The ThinkPad® Tablet 2 comes with a full-size USB port and supports all Microsoft® Windows® drivers to connect to external USB drives, monitors, printers, cameras, DVD burners, mice and keyboards.
- In addition, with the ThinkPad enterprise dock, users can support up to 3 USB devices at a time in addition to a full-size HDMI out port and audio and power ports.

ENTERPRISE APPLICATION SUPPORT AND ENTERPRISE COMPATIBILITY

- Easy access to enterprise-specific apps, databases, VPN, and intranet with support for Active Directory, Domain Join and Group Policies.
- Enterprise managed encryption with BitLocker, white and black listing apps with AppLocker and enterprise-level dock and support for multiple user logins.

OPTIONAL DIGITIZER AND PEN

- Touch is great in many instances, but pen is better in others for a more natural, comfortable and efficient experience.
- The ThinkPad Tablet's active Digitizer and Pen offer a more natural writing experience with a precision fine tip vs. a thick nub.
- Pressure sensitivity and palm rejection technology allows natural resting of your hand on the display without affecting writing and drawing.
